### DOSAGE FORM

Powder  
for oral suspension (3.920 g)

### PRIMARY PACKAGING

PET/ALU/PE Sticks (12x2.3 mm)

### SECONDARY PACKAGING

Folding carton box

### DOSSIER

Registration dossier in EU-CTD  
format, English language

### PRODUCT DESCRIPTION

100% vegetal laxative + fiber with proven properties that regulate and stimulate the intestinal action.

Plantago Ovata: temporary and symptomatic treatment for constipation. Rhamnus Frangula: Its favourable effect on intestinal transit lasts several days. The action of the active principles softens the stool and helps transit. Inulin as excipient: fiber widely used in weight control diets that helps regulate the transit in a smooth manner. In addition being a prebiotic fiber helps maintain intestinal flora.
